Queenstown is calling!

Do you love food and art?

We have three nights at The Spire Hotel, with its contemporary design and distinctly artistic feel. It's the perfect place to start and finish each day. Kate, the Central Otago's art curator and private chauffeur will take you to all the hidden gems!

## Top Secret

The CASA is surrounded by eight acres of park-like grounds with an unrivalled perspective of the mountains and extensive views of Kangaroo Valley's 'Red Rocks' escarpment that glows red and orange at sunset. With a history as a renowned art gallery, The CASA is an architect designed escape with sustainable and eco properties situated in a beautiful natural environment.

Opened in May 2021

## Touch of Adventum
